62 Hichborn Street
Brighton, MA 02135

Dear Mr. Madden, *Jim*

It is often said that a committed group of people can accomplish great things. The Daly Field project is a prime example of that idea and you were a special part of that group. Over all of the weeks and years, meetings and legislation, we came together and achieved what seemed impossible at one time. Thank you for your active support of this important transformation, and all it represents for the community, especially young athletes who now can practice and compete on safe, state-of-the-art fields and courts.

Brighton High's thrilling inaugural "home" game on September 9 and the festive Simmons ribbon-cutting celebration on September 10 filled all of us with pride and gratitude. What was once a neglected lot, is now a sanctuary of sport where health, fitness, and teamwork prevail.

Please accept the enclosed commemorative coin as a token of appreciation for your role. It is identical to the one Andre Tippett used for the coin toss on September 9. Heads or tails, the new Daly Field is a big win for everyone.

Warm regards,

Lynda Connolly
President
Allston-Brighton Friends of Daly Field, Inc.
